Projects

Ferrari Fitness
UX/UI Designer

Designed a cloud storage app for the fitness industry. Worked on all phases of the design process including Discovery, User Research, Information Architecture, Visual Design, and Testing.

SAP Project
Analyst at Bloomberg BNA

This project was transitioning our Bloomberg BNA's legacy Order Processing system to SAP. Conducted data analysis and performed various complex procedures with Excel and SQL queries. Assisted in testing for the new SAP order processing system.

Tax Treaty Project
Analyst at Bloomberg BNA

This project was creating a brand new tax database for all the tax treaties between each country in the world in every language. I performed User Research and Competitive Analysis to ensure the new product will meet end-user needs.

Work Experience

Bloomberg BNA   **Crystal City, VA**
Information Analyst   JAN 2016 - Present

Bloomberg BNA   **Crystal City, VA**
Data Analyst   FEB 2015 - NOV 2015
